

Product Change Notice (PCN)

Subject: Add Alternate Fab Location

Publication Date: 5/1/2026

Effective Date: 7/27/2026

Revision Description:

Initial Release

Description of Change:

This PCN notice is to advise customers that Renesas is qualifying TSMC Fab 11 (F11) as an alternate fab location to alleviate supply chain constraint on the products listed in this notice. There is no change to the product design or process technology as compared to the existing fab location, TSMC Fab 6 (F6).

Renesas will provide a conditional qual report by August 2026 that will include all items except HTOL which will be completed by the end of August 2026. This product will have the same Orderable Part Number as the existing PMIC device.

There is no change to the package assembly and backend manufacturing processing including the product datasheets.

Affected Product List: Refer Appendix B

Reason for Change:

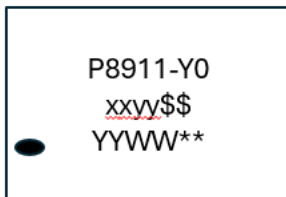

This change will allow the flexibility to ship from all the qualified facilities and will provide an increased capacity.

Impact on Fit, Form, Function, Quality & Reliability:

The change, it is expected will have no impact on the form, fit, function, quality, reliability and environmental compliance of the products.
