

PRODUCT CHANGE NOTICE

Data Sheet Specification Change for Intersil ISL54214* Product

**Refer to:
PCN10071**

Date: June 29, 2010

June 29, 2010

To: Our Valued Intersil Customers

Subject: Data Sheet Specification Change for Intersil ISL54214* Product

This notice is to inform you that Intersil has updated the data sheet specification for the listed ISL54214* products. The change to the *Power OFF COMx Current* (I_{COMx}) maximum limit aligns the data sheet with the product characteristics and is necessary to maintain product manufacturability in support of customer delivery requirements. Modifications to the data sheet specification incorporating the change are complete. The updated data sheet is available on the Intersil web site at <http://www.intersil.com/data/fn/fn6816.pdf>.

Products affected: ISL54214IRTZ ISL54214IRTZ-T ISL54214IRUZ-T

Data Sheet specification changes are as follows:

Electrical Specifications				
Parameter	Temp (°C)	Maximum Limit		Units
		Current	New	
Power OFF COMx Current, I_{COMx}	+25	1	4	μA

There will be no change in external marking of the packaged parts. Parts affected by this change are identifiable via Intersil's internal traceability system.

Intersil will take all necessary actions to conform to customer requirements and to ensure the continued high quality and reliability of Intersil products being supplied. Customers may expect to receive product electrically screened to the revised limit beginning *ninety* days from the date of this notification or earlier with approval.

If you have concerns with this change notice, Intersil must hear from you promptly. Please contact the nearest Intersil Sales Office or call the Intersil Corporate line at 1-888-468-3774, in the United States, or 1-321-724-7143 outside of the United States.
