
PRODUCT CHANGE NOTICE

**Data Sheet Specification
Change for Intersil Product
ISL24837***

**Refer to:
PCN10086**

Date: September 1, 2010

September 1, 2010

To: Our Valued Intersil Customers

Subject: **Data Sheet Specification Change for Intersil Product ISL24837***

This notice is to inform you that Intersil is changing the data sheet specification for the listed ISL24837* products. The changes in the I_{AVDD} and I_{DVDD} (*Supply Current*) maximum limits are necessary to maintain product manufacturability in support of customer delivery requirements. Modifications to the data sheet specification incorporating the changes are complete. The updated data sheet is available upon request.

Products Affected: **ISL24837IRZ ISL24837IRZ-T13**

The data sheet specification changes are as follows:

Parameter	Description	Current Limit		New Limit		Units
		Typ	Max	Typ	Max	
I_{AVDD}	Supply Current	1.5	20	1.5	21	mA
I_{DVDD}		1.3	1.7	1.3	2.3	

There will be no change in external marking of the packaged parts. Parts affected by this change are identifiable via Intersil's internal traceability system.

Intersil will take all necessary actions to conform to customer requirements and to ensure the continued high quality and reliability of Intersil products being supplied. Customers may expect to receive product electrically screened to the revised limits beginning *ninety* days from the date of this notification or earlier with approval.

If you have concerns with this change notice, Intersil must hear from you promptly. Please contact the nearest Intersil Sales Office or call the Intersil Corporate line at 1-888-468-3774, in the United States, or 1-321-724-7143 outside of the United States.
