### **Brief Biography of Vivek Bhan**

Vivek joined Dialog in 2013 and has served as Senior Vice President and General Manager of the Custom Mixed Signal Business (CMS). In these roles, Vivek was responsible for leading global teams to diversify Dialog's customer base and expand product offerings. He also oversaw product marketing and definition, system and application engineering, design engineering, software development, program management and also central engineering, which comprises process technology, CAD, Tools and IP.

Prior to joining Dialog, Vivek has previously held executive level and senior management positions at Fujitsu Semiconductor, Freescale and Motorola. In his previous capacities, Vivek led global product groups and teams providing solutions across multiple technologies including 2G/3G/4G, Zigbee, iDEN, GPS, BLE, Power, Battery, Display, Audio, RF and Digital SoCs.

Vivek holds a master's degree in electrical engineering and an MBA from Arizona State University. He holds multiple patents and publications.
