End of Support:

CS+ Integrated Development Environment for Windows 32-Bit Versions

Outline

The CS+ integrated development environment (IDE) will no longer support the 32-bit versions of Windows from V8.07, which will be released on January 20th, 2022.

1. End of Support for Windows 32-Bit Versions

CS+ IDE V8.07 and later will support the 64-bit versions of Windows only.

2. Notes

(1) From CS+ IDE V8.07, Renesas will improve the product and fix problems of the product for the Windows 64-bit version.

(2) There will be no change in the operating environments required for CS+ IDE V8.06 and earlier. If you hope to continue to use the product on the Windows 32-bit version, use the one that supports the 32-bit versions.

(3) We welcome technical inquiries regardless of your operating environments. However, we might not be able to answer questions about malfunctions that occur when the product is used on the Windows 32-bit version.

3. Background

Microsoft Windows has shifted to the 64-bit environment. Therefore, Renesas will focus on supporting the CS+ IDE for the 64-bit environment.
